 - a. Lindsay will send a reminder to Adams, Douglas, El Paso, and Intervention.
 - b. Weld and Garfield will complete their trainings.
6. CPAT-R training/updates
 - a. Lindsay asked for clarification on how people are scoring DUR cases. Mesa is counting all DUR cases regardless of whether alcohol related or not. Boulder County is not counting any DUR based on the response received from UNC.
 - b. Lindsey emailed Kyle and Victoria for further clarification on this.
7. Spring training
 - a. Jennifer will look at dates in April/May for different dates to host in Boulder.
 - b. Lindsey and others are meeting with Mike Jones to see if there are any sessions that could be beneficial from APPR for training.
 - c. Lindsey will follow up with Tim Schnacke on possibly presenting virtually.

- d. Jennifer will speak with Allison about possible data trainings.
 - e. Lindsay will try to find name of interview presenter from NAPSA.
 - f. Toni will contact trainers on trafficking and sex assault victims.
 - g. April 28th, 2022, in Boulder County
 - h. Food/drinks will be determined at next meeting.

 - d. *Some form of a Good Samaritan award.*
- 9. Newsletter**
- a. Matt will do the newsletter and will include bios on Matt and Chris, tidbit on warrant program in Arapahoe, and legislative updates.
- 10. Legislative updates**
- a. Lindsey provided updates on the following bills:
 - b. SB22-018
 - c. SB22-041
 - d. SB22-010
 - e. OBH bill
 - Not a bill, OBH is currently getting feedback on earlier access to competency evaluations, specifically for pretrial defendants charged with a Misdemeanor while out of custody.
- 11. Board member roundtable**
- a. Lindsay- CPAT-R is going well, just finished January statistics and find that they are aligning with the research. Staff are returning fully in office starting next week. Asked that anyone who has training programs or how they set up training on new hires, can email to her.
 - b. Boulder- Allison did a presentation on COVID outcomes on public safety and court appearance rates in comparison to prior to COVID. Still working from home but suspect that it may change soon. Requested information on any peer navigator programs. Working on creating a DV specific supervision model.
 - c. Garfield- Court will be doing weekend advisements but don't have enough staff to work on weekend reports. Hoping to get funds through the JAG Grant for at least next year.
 - d. Mesa- Adjusting staff to work at least one weekend day in preparation for weekend court. Had their pretrial meeting with Mike and Tim and discussed preventative detention so are going to regroup to address again.
 - e. Douglas- Starting to look at the PSA to possibly transition to that risk assessment tool. Still work remote one day per week which will likely stay

that way. Our county offices do not have a mask mandate anymore, but we usually still ask defendants to wear one since the court is still under the mandate. We started weekend court last month and are still working through some logistics to comply with the 48-hour requirement.

- f. Denver- Go back to original established schedule come 2/28/22. Results for DV study came back and final report should be released soon. Lindsey will share this with group once it comes. Not much of an update on CPAT-R, last discussion was implementation will be moving forward, so working on the matrix and training stakeholders.

12. Next meeting

- a. 3/10/22 from 2-4PM
